Welcome
Normandale Community College (NCC) encourages all members (students, employees, and visitors) of our College Community to be fully aware of the Campus Safety matters and to take action to prevent and report illegal and other unsafe activities should they occur. Practicing personal safety and reporting incidents of concern are the foundational ways we can work together to enjoy a safe community.

History
In 1990, Congress enacted the Crime Awareness and Campus Security Act (Title II of Public Law 101-542), which amended the Higher Education Act of 1965 (HEA). This act required all postsecondary institutions participating in Title IV student financial aid programs to disclose campus crime statistics and security information. The act was amended in 1992, 1998 and 2000. The 1998 amendments renamed the law the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act in memory of a student who was slain in her dorm room in 1986. The Clery Act requires higher education institutions to give timely warnings of crimes that represent a threat to the safety of students or employees, and to make public their campus security policies. It also requires that crime data is collected, reported and disseminated to the campus community and is also submitted to the Department of Education. The goal of the Clery Act is to provide students and their families, as higher education consumers, with accurate, complete and timely information about safety on campus so that they can make informed decisions.

To be in compliance with Clery Act regulations, an institution has several obligations. These fall into three main categories: 1) policy disclosure; 2) records collection and retention; and 3) information dissemination.
Crime Reporting Policies
The Campus Security Department for Normandale Community College is on-duty 16 hours each week-day, except college-observed federal holidays. On Saturday the Campus Security Department is on duty 11 hours. All requests for immediate assistance relating to issues of the Campus Security Department should be made by calling (952)487-8280, or by visiting the Campus Security office in the Fine Arts building. Campus Security Officers respond to all requests for service and assistance. These officers are representatives of the College and are not police. In the event of any life-threatening emergency, persons are strongly encouraged to immediately and directly contact appropriate police, fire or medical assistance by calling 911.

The Campus Security Officers are authorized, when appropriate, to make a citizen’s arrest. Typically such arrests are made only in the presence or support of a law enforcement officer.

The Campus Security Department works closely with local, state, and federal law enforcement agencies to respond to and track criminal activity on campus.

All persons on campus are encouraged to immediately report any criminal activity to the Bloomington Police Department and/or the College’s Security Department. Individuals who contact the Campus Security Department will be strongly encouraged to also report incidents that are criminal in nature to the Bloomington Police Department. The Campus Security Department normally requires a written report from the complainant/victim to begin an investigation and support the ability to address concerns through the College’s Code of Conduct System. NCC will make exceptions to this immediate need to file a written report when necessary, including cases presenting clear and immediate danger to an individual or the College Community.

Crime Report: NCC will issue an annual report of crimes occurring on campus that are made known to the Campus Security Department directly, or through other College departments or personnel and related law enforcement agencies. This report is made available by the Campus Security Department. Requests for additional information regarding this report and its statistics may be made to the Director of Campus Security, 9700 France Ave. S., Bloomington, MN, 55431, or phone (952) 487-8280. The statistics in this report follow the uniform crime reporting procedures of the Federal Bureau of Investigation. These statistics should be considered in relation to the occurrences of crime in society generally, College demographics, and statistics from other institutions of similar description.

Crime Reporting Procedures
All criminal activity occurring on campus should be reported immediately to the Campus Security Department and/or the Bloomington Police Department. The Campus Security Department will assist the complainant in completing reports. The Campus
Security Department will strongly encourage and support complainants and victims to report all crimes to the Bloomington Police Department. In appropriate cases, reports will also be shared with the College’s Code of Conduct Officer. The Campus Security Department will assist the Bloomington Police Department and the College’s Code of Conduct Officer with investigations when requested. The Campus Security Department also accepts reports of criminal activity occurring to or caused by persons involved in College sanctioned functions and groups off-campus locations. Such incidents are included in the College’s annual report and may be addressed on and/or off-campus.

If you are a victim of a crime or witness a crime:
Call the Bloomington Police Department (911) and/or the Campus Security Department (952)487-8280 for any emergency including medical emergencies, fires, suspicious people or activities, crime reports, traffic accidents, or other illegal activities.

Write down as much information as you can remember after a crime. If you cannot identify the perpetrator by name, try to recall as many details as possible about the offender(s):

• Gender;
• Approximate age;
• Height;
• Weight/build;
• Description of face (eye color, hair color/style, jaw, nose, facial hair, glasses, etc.);
• Dress/clothing;
• Distinguishing marks (scars, tattoos, etc.);
• Voice.

Attempt to obtain a description and license number of any vehicle involved. Note the direction taken by offenders or vehicles and report those to The Campus Security Department and/or the Bloomington Police Department; preserve the crime scene; do not touch any items involved in the incident. Close off the area of the incident and do not allow anyone in the crime area until the Campus Security Department and/or the Bloomington Police Department Officers arrive.

When necessary to protect the victim’s identity, in sexual assaults, the Campus Security Department will accept third-party reports. Whenever possible, the Campus Security Department prefers to receive reports from the victim, as the detail is often more accurate in such situations. Maintain all physical evidence; do not risk losing critical evidence. All employees who become aware of an allegation of violation of College policy, student code of conduct, civil or criminal law should report the allegation to their supervisor and the Campus Security Department. The following people with significant responsibility for student and campus activities (not including counselors) must report potential criminal activity of which they are aware to the Campus Security Department:
Assistant Director of Student Life, Associate Dean of Students, Director of Career and Academic Planning, Deans, Department Chairs, Director of Student Disability Services, Director of Financial Aid, Director of Human Resources, Director of Admissions, Director of Student Support Services, Director of TRIO Programs, President, Vice President for Academic Affairs, Director of Fiscal Services, Vice President of Finance and Operations, Vice President of Student Affairs, Dean of Enrollment, Director of Information Technology Services, Dean of Planning and Institutional Effectiveness, Director of Student Life, Director of Multicultural Services, Recreational Sports and Outdoor Education Coordinator, Director of Marketing and Communications, Student Life Program Coordinator, Student Activities Coordinator, Registrar, Student Government Advisors, as well as any assistants and associates.

Responding to Reports
All allegations will be investigated. These investigations may be made in conjunction with the Bloomington Police Department or other law enforcement agencies.

The Director of the Security Department will classify reports in conjunction with the appropriate police agency according to the FBI Uniform Crime Reporting Definitions.

When alleged perpetrators are identified as students, the case will be forwarded to the College Code of Conduct Officer for investigation and appropriate action. Criminal investigation, arrest and prosecution can occur independently, before, during or after the campus code of conduct process.

NCC will issue a timely warning to members of the campus community in cases of reported murder, sex offenses, robbery, aggravated assault, burglary, motor vehicle theft and any hate crimes (manifesting evidence of prejudice based on race, religion, sexual orientation or ethnicity), or murder, forcible rape or aggravated assault, in cases where the Director of the Security Department (or the Director’s designee) determines there is a continuing threat to the College community. In such cases, warnings may be provided through campus bulletins (via e-mail), campus newspapers, and other significant means.

Timely Warnings
Whenever the Campus Security Department receives information that a crime has been committed which may pose a continuing threat to the safety of any campus member, the Department will issue a timely warning. In such cases, warnings will be posted on campus bulletin boards and communicated via e-mail under the heading “Security Alert”.

Security Alerts are distributed for the purpose of informing the campus community of a potentially dangerous condition that may affect their personal safety. The alert contains information regarding an incident that will allow campus community members to take proper measures to insure their individual safety. The alert may also contain a request
for information regarding an incident. Security Alerts will remain posted as long as it is determined that a threat exists, or will be removed after thirty days if no similar incidents occur.

The Director of Security will issue Security Alerts to the campus community in cases of reported homicide (murder and non-negligent manslaughter and negligent manslaughter), sex offenses (forcible and non-forcible), robbery, aggravated assault, burglary, motor vehicle theft, arson and any hate crime (manifesting evidence of prejudice based on race, religion, sexual orientation, gender, disability or ethnicity) of murder, forcible rape or aggravated assault, and in other cases where the Director determines there is a threat to the college community.

The Director of Security serves as the primary liaison with all law enforcement agencies for the Campus Security Department regarding issues occurring on campus. When such incidents occur, the Director or representative will determine the proper means of communicating these concerns to the campus community. The following media are used to inform the campus about the Security Department issues, to report to the campus community crimes considered to be an immediate threat to students and employees, and to encourage students and employees to be responsible for following stated security procedures and practices: campus-wide e-mail and voice-mail, MetNet student e-mail accounts, Lion’s Roar Campus News, campus forums, crime prevention literature, Student Government assistance, posted announcements (Safety/Security Alerts) and mailings.

**Procedure for Reporting Sexual Assault**

Contact the NCC Campus Security Department at (952)487-8280, the Director of Campus Security at (952)487-8274 or the Bloomington Police Department (911) as soon as possible after the offense. Victims should attempt to note everything about the location and remember that it is extremely important to preserve evidence. Victims should not bathe, douche, use the toilet, or change clothing. Rape victims should seek medical attention immediately, regardless of whether the matter is reported to the police. Normandale Community College Campus Security will assist the student in notifying the proper authorities, if the student requests this assistance.

Victims should obtain a description of the offender(s), including sex, age, race, hair, clothing, and other distinguishable features. Victims should also attempt to obtain a description and license number of any vehicle involved, note the direction taken by
offenders or vehicles and report this information to campus authorities or the police. Victims should also take care to preserve the crime scene. It is essential to refrain from touching any items involved in the incident, close off the area of the incident to prevent people from entering the crime area until law enforcement officers arrive. NCC administrators and staff will attempt to maintain the anonymity of the sexual assault survivor.

Every attempt will be made not to release names to the media, unless requested by the sexual assault survivor. Names and addresses of survivors are shared with the Bloomington Police Department and/or other local law enforcement agencies. Each report of sexual assault will be investigated in order to provide better protection for sexual assault survivors and all members of the campus community. Sexual assault survivors should be aware of the college’s responsibility to release information regarding the fact that an assault occurred for the protection and safety of others.

Counseling services are available both on and off campus. The NCC Counseling Center will provide support and advice for sexual assault survivors. Victims of a sexual assault are encouraged to contact one or more of the resources listed in the following section. Sexual assault survivors have the right to make anonymous (third-party) reports to the NCC Campus Security Department. However, third party reports may prevent the college and the Bloomington Police Department from actively investigating the criminal activity.

The Campus Security Department maintains official records of reports of sexual assault, as is the case with all reported violations of the law. Students, faculty and staff are encouraged to contact the Campus Security Department to report any information regarding assaults. Each report will be logged as presented by the complainant. Appropriate criminal classifications will be determined after a review of all facts presented. If the Director of Campus Security (or designee) determines that a threat continues to exist for the campus community, information about the reported sexual assault will be reported to the campus community, whether reported by a sexual assault survivor or through a third-party report. As much detail as possible will be released to identify the assailant, such as location, date, time and other information that could identify the suspect. The Director will inform the campus community of the reported sexual assault by posting "Security Alerts".

The college will take appropriate action to safeguard the survivor and, at the same time, protect the rights of the alleged perpetrator. If the survivor of a sexual assault requests, the college will attempt to provide, if reasonably available, an alternate or modified class schedule for the survivor. The college will normally not take any disciplinary action against a member of the campus community without a written complaint and the assistance of the complainant in the disciplinary process, unless the college determines there is a clear danger to the victim or the college community.

Sexual Violence Policy Statement

Sexual Violence is an intolerable intrusion into the most personal and private rights of an individual, and is prohibited at Minnesota State Colleges and Universities. MnSCU is committed to eliminating sexual violence in all forms and will take appropriate remedial action against any individual found responsible for acts in violation of this policy. Acts of sexual violence may also constitute violations of criminal or civil law, or other Board Policies that may require separate proceedings. To further its commitment against
sexual violence MnSCU provides reporting options, internal mechanisms for dispute resolution, and prevention training or other related services as appropriate.

If sexual assault should occur on campus, both the accuser and accused are entitled to the same opportunities to have others present during a campus disciplinary proceedings and both the accuser and accused are shall be informed of the outcome of any campus disciplinary proceedings brought alleging sexual assault.

To prevent sexual assault and harassment, Normandale Community College has undertaken educational efforts to inform employees and students of their responsibilities regarding such behavior, how to identify and eliminate potential sexual assault and harassment and what steps can be taken if instances of sexual assault and harassment are experienced. These efforts include nightly security patrols of the campus, campus escorts, security alerts, brochures about sexual assault, health classes offered, domestic violence awareness presentation, outside awareness programs including the Clothesline Project (http://www.clotheslineproject.org). Regular campus inspections are also conducted which are designed to identify and correct any facility and grounds deficiencies that may exist.

**Campus Sex Crimes Prevention Act**

The federal Campus Sex Crimes Prevention Act went into effect on October 28, 2002. The law requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information concerning registered sex offenders may be obtained. It also requires sex offenders already registered in a state to provide notice, as required under state law, of each institution of higher education in that state at which the person is employed, carries on a vocation, or is a student. Community Notification allows some information about some offenders to be converted from private or confidential information to public information. In Minnesota the amount of information, and the scope of individuals to whom information is released, is indicated by the risk level assigned to the offender by an End of Confinement Review Committee (ECRC) established by the notification law, and operated by the Department of Corrections (DOC). The higher number risk level assigned to the offenders, the more information can be released, and the broader the audience that will receive that information. Law enforcement agencies where the offenders reside have the responsibility for the notification of their communities under this law. In compliance with the act Normandale Community College provides information on sex offenders as permitted by law. Information about level three offenders is available at the Department of Corrections website:

http://www.corr.state.mn.us/level3/level3.asp

**Level 1**

Level One offenders are offenders who are determined to be at a lower risk to re-offend. Police agencies may open a file on these offenders and may release information about the release of the offender to victims of, and witnesses to the crime, other law
enforcement agencies, and anyone identified by the prosecuting attorney to receive the information

**Level 2**
Level Two offenders are determined to be at a moderate risk to re-offend. Police agencies may release information to anyone included in the Level One information release, and in addition may notify organizations about the offender’s release. These organizations may include schools, daycare centers, and other organizations where individuals who may become victims of the offender are regularly found. Law enforcement will make the decision on which organizations to notify based on the offender’s past pattern of behavior. Law enforcement officials may also choose to notify certain individuals that they determine to be at possible risk from the offender, but this is not a wide spread community notification. Organizations notified about a Level Two offender are given this information to protect individuals in their care while they are on or near the premises of those organizations. The information is not to be re-distributed by those organizations that have been notified.

**Level 3**
Level Three offenders have been determined to be at the highest risk for re-offense out of all of the three risk levels. Law enforcement may notify all individuals and agencies included in Level One and Level Two notifications, and may also distribute information about the offender to everyone else in the community. In addition, officials may use the media and other distribution methods to get this information to the public. According to law enforcement policy, enforcement officials hold public meetings in the areas where Level Three offenders reside. At those meetings, information about the notification process, about the registration of predatory offenders, and information about the general population of these offenders is distributed and discussed. In addition, information about a specific offender or offenders is released. The information includes a general area of residence, a description of the offender (with photograph), and a description of the pattern of behavior that this offender has been known to display in the past. This disclosure does not apply to offenders that are in licensed residential facilities where staff have been trained to manage sexual offenders (halfway houses) nor does it apply to offenders in secure hospital facilities operated by the Department of Human Services (hospitals at Moose Lake and St. Peter, Minnesota).

**Access and Security of Campus Facilities**
The use of Normandale Community College facilities is intended for students, faculty, staff, and authorized visitors. Persons not associated with the college may be asked to leave campus and are subject to legal proceedings if non-compliant. Outside doors are locked and secured by college personnel and monitored by electronic surveillance devices during non-business hours. Access to college facilities outside of normal hours of operation must be approved and scheduled by the college administration and the Director of Campus Security. Policies and Procedures for safe access to buildings include:
Keys are issued to authorized faculty and staff. Students are issued keys on a very limited basis.
Exterior building doors must not be blocked open when the doors are locked.
Building evacuation is mandatory for all fire alarms. Always be aware of the nearest EXIT.
Employees in buildings should have a College I.D. in their possession and present the I.D. when requested. No students are allowed in any building after working hours. Personnel, other than Security personnel, must vacate the campus no later than the designated closing times noted as a standard safety measure, except for previously authorized events.
Employees must lock all required areas upon departure.
Emergency intercom stations are located in all classrooms for emergency calls to Campus Security. Campus phones also exist in various locations throughout the college.
Problems related to people in buildings after hours must be reported to Campus Security immediately at (952)487-8280.
Security performs lighting/landscape surveys periodically to enhance safety on campus.
Students, Faculty and Staff are encouraged to report needed repairs to the Building Services Office at (952)487-8110.
Campus parking lots are actively patrolled by the Campus Security Department and the Bloomington Police Department. Although the Bloomington Police Department and the College work closely to provide a safe learning environment on campus, it is impossible to maintain a continuous presence in all facilities at all times. Students, faculty, staff and visitors are urged to take appropriate steps to insure their own personal safety. They are also encouraged to report suspicious individuals and activities or hazardous conditions immediately to Campus Security by calling (952)487-8280.
Normandale Community College does not operate or maintain any student housing or residences.

Alcohol and Drug Free Campus Policy

Policy Statement
Normandale Community College recognizes that the misuse of alcohol and other drugs is a serious problem in our society and our community. The College seeks to promote a healthy and responsible campus environment which is conducive to teaching and learning.
In compliance with MnSCU Policy 5.18, the Federal Drug Free Schools and Community Act, and the Federal Drug Free Work Act, the College has adopted the following policies regarding the use of alcohol and other drugs:

Minnesota Law has many statutes which regulate and control the use and abuse of alcohol. For example, driving while under the influence (DUI) may result in a fine, jail time, and/or revocation of driver’s license. Possession of alcohol under age 21 or use of false identification to purchase alcohol may result in a fine. Furnishing alcohol to persons under 21 is punishable by a fine and/or time in prison.
Federal Law Federal law provides varying penalties for controlled substance crimes. For example, illegal possession of a controlled substance may result in a fine of $100,000 and up to one year in prison for the first offense. Additional penalties may include forfeiture of personal property or the denial of federal student financial aid benefits or other federal licenses and benefits. Trafficking in drugs such as heroin or cocaine may result in life imprisonment.

**Health risks associated with alcohol and drugs**

Abuse and addiction to alcohol, nicotine, and illegal substances cost Americans upwards of half a trillion dollars a year, considering their combined medical, economic, criminal, and social impact. Every year, abuse of illicit drugs and alcohol contributes to the death of more than 100,000 Americans, while tobacco is linked to an estimated 440,000 deaths per year.

People of all ages suffer the harmful consequences of drug abuse and addiction.

- Babies exposed to legal and illegal drugs in the womb may be born premature and underweight. This drug exposure can slow the child’s intellectual development and affect behavior later in life.
- Adolescents who abuse drugs often act out, do poorly academically, and drop out of school. They are at risk of unplanned pregnancies, violence, and infectious diseases.
- Adults who abuse drugs often have problems thinking clearly, remembering, and paying attention. They often develop poor social behaviors as a result of their drug abuse, and their work performance and personal relationships suffer.
- Parents’ drug abuse often means chaotic, stress-filled homes and child abuse and neglect. Such conditions harm the well-being and development of children in the home and may set the stage for drug abuse in the next generation.

**Personal Safety**

The Campus Security Department takes a proactive approach to the safety of all students, employees and visitors of Normandale Community College. Officers maintain awareness of activity on Campus by providing regular foot patrol, monitoring cameras and various Campus Security communications. However, we here in the Security Department strongly encourage each person to help prevent crime. Personal safety measures have a dramatic effect on each person’s safety. So please take a look at these tips and take safety seriously.

**Escort Service:**

- Walk in a group, stay in well-lit areas and wear light-colored clothing when walking at night.
- An on-campus (walking) escort service is provided by the Campus Security Department for members of the College community. Escorts may be requested by phoning 952-487-8280 or 555 from any campus phone.

**Emergency “Blue Light” Phones:**

- “Blue Light” (emergency) phones are located in Parking Lots 1, 4 and 6. The “Blue Light” phones are made visible by a blue light on the top of these stations. When properly activated, these phones dial directly to 911 dispatchers. To operate these phones you must follow the “one-step” process:
  - Push the red button on the face of the box and present your communications to the dispatcher. The dispatcher will know your location and immediately dispatch an Officer to assist.
Protect your property:

Personal property (purses, backpacks, calculators, etc.) should never be left unattended. Take such items with you if you are leaving the office or classroom.

- Lock your door whenever you leave your room or office. Always lock your car doors.
- Never open the exterior doors of the building to strangers. Protect all valuables in your room or office. Do not leave valuables in plain view.
- Take valuables home with you during vacations.
- Park your bike where you can keep an eye on it if possible. Always lock your bike to the bike racks provided. There are several good anti-theft devices available. Case hardened heavy (U-Bolt) locks and chains afford the best protection for security of these items.

Protect your automobile:

- Always lock your car doors and never leave your keys in the vehicle.
- Try to park your car in a well-lit area.
- Avoid leaving personal property where it is visible inside your vehicle.

Protect YOURSELF:

- Avoid walking alone at night.
- Refrain from taking shortcuts; walk where there is plenty of light and traffic.
- Walk along well-lit routes at night.
- Be alert to your surroundings. If you suspect you are being followed, run in a different direction, go to the other side of the street and yell for help, or head quickly for a lighted area or a group of people.
- Have your keys ready when returning to your vehicle and keep your personal or valuable items concealed and close to your body. If you must travel alone at night, use the Campus Security Department's Escort Service (952)487-8280 to escort you to your on-campus destination or back to your vehicle.

Suspicious Activity:

- If you see any suspicious activity or people on or near campus, call the Campus Security Department immediately at (952) 487-8280.
  - Do not confront them.
  - Do not assume the person is a College employee or student that you have not seen before.
  - Do not assume that what you observe is an innocent activity.
  - Do not assume somebody else will or has already reported it.
Suspicious people may be:

- Loitering about at unusual hours and locations; running, especially if something of value is being carried.
- Exhibiting unusual mental or physical symptoms. Person(s) could be in distress and need medical or psychiatric assistance.
- Carrying property that might be suspicious, depending on the circumstances, going from room to room trying door handles. Report all thefts and property loss immediately to the Campus Security Department and/or the Bloomington Police Department.

ALWAYS KEEP SAFETY A HIGH PRIORITY!
