Description

(ISeek.org)

Community Health Workers work with individuals and communities. They may create community programs that promote or maintain health. They may conduct outreach for medical or health organizations. They also might provide support or counseling, and they may promote medical services, like blood pressure screening or first aid.

DEGREES & CERTIFICATES IN COMMUNITY HEALTH AND HEALTH EDUCATION

Normandale's Community Health Worker/Navigator program will prepare students for a variety of entry-level healthcare employment opportunities.

Community Health Workers/Navigators (CHWN's) work to -

- Increase cultural competence
- Improve access to health care for racial and ethnic minorities
- Improve the quality of care for chronically ill people
- Promote health communities
- Educate clients and others about access to and use of healthcare resources.

As a community health worker/navigator, you will play a critical role in bridging the gap between the community, health care, government and social service systems.

REQUIREMENTS

This certificate program will prepare students for a variety of entry-level healthcare employment opportunities.

Community Health Worker-Navigators (CHWN's) work to increase cultural competence, improve access to health care for underserved communities, coordinate care for chronically ill people, and map community resources to improve the overall health of communities.

Community Health Worker-Navigators play a critical role in bridging the gap between community, health care, government, and social service systems.

COURSES

CHWN 1000 ADVOCACY AND OUTREACH | 2 CR

The course focuses on the role of the community health worker/navigators' personal safety, self-care, personal wellness and the promotion of health and disease prevention of clients.

Credits: 2 Semesters: Fall

CHWN 1100 ORGANIZATION, RESOURCES, TEACHING AND CAPACITY BUILDING | 3 CR

This course focuses on the community health worker's knowledge of the community and their ability to prioritize and organize their work. Emphasis is on the use and critical analysis of resources and information problem solving. The second half of the course focuses on the community health worker's role in teaching and increasing capacity of the community and of the client. Emphasis is on establishing healthy lifestyles and clients developing agreements to take responsibility for achieving health goals. Students will learn and practice methods for planning, developing and implementing plans with clients to promote wellness.

Credits: 3 Semesters: Spring

CHWN 1200 LEGAL AND ETHICAL RESPONSIBILITIES FOR THE COMMUNITY HEALTH WORKER | 1 CR

This course focuses on the legal and ethical dimensions for the community health worker/navigator role. Included are boundaries of the community health work position, agency policies, confidentiality, liability, mandatory reporting and cultural issues that can influence legal and ethical responsibilities.

Credits: 1 Semesters: Fall

CHWN 1300 COORDINATION, DOCUMENTATION, REPORTING, INFORMATICS, NAVIGATOR AND CARE COORDINATOR FOR THE COMMUNITY HEALTH WORKER | 3 CR

This module focuses on the importance and ability of the community health worker/navigator to gather, document and report on client visits and other activities. The emphasis is on appropriate, accurate, and clear documentation with consideration of legal and agency requirements and the inclusion of Electronic Health Records and Navigator roles as a means to identify Health Insurance Exchange options, coordinate care, document and gather data.

Credits: 3 Semesters: Fall

CHWN 1400 COMMUNICATION SKILLS AND CULTURAL COMPETENCE | 2 CR

This course provides the content and skills in communication to assist the Community Health Worker/Navigator in effectively interacting with a variety of clients, their families and a range of health care providers. Included are verbal/nonverbal communication, listening and interviewing skills, networking, building trust and working in teams. Communication skills are grounded within the context of the community's culture and the cultural implications that can affect client communication.

Credits: 2 Semesters: Fall

CHWN 1500 HEALTH PROMOTION | 3 CR

Assist clients in realizing healthy eating patterns, integrating exercise into their lives, taking their medications, talking with doctors, controlling substances such as tobacco, preventing heart disease and stroke as well as managing those who already have conditions. Emphasis will be on Maternal and Child health as well as diabetes, cancer, oral health and mental health care and prevention. Emphasis will also be on learning strategies that can be used to aid in client awareness, education and incorporation of health into their daily living.

Credits: 3 Semesters: Spring

CHWN 2096 INTERNSHIP | 2 CR

The goal of the Community Health Worker/Navigator Internship is to provide students the opportunity to use the skills and tools they have learned and apply them to assigned agency's needs. Students will apply these skills of advocacy and outreach to help individuals and families reduce health disparities. Students will be required to complete 80-90 hours of on the job training and coursework. The on the job weekly hours requirement will be an agreement between the organization, student and faculty advisor.
