

How to search within a specific journal

First let's go to the library home page. From The Normandale home page, click Library.

When you know the name of the journal you want to find, you can click the word “Journals” near the top of the page.

Type in the name of the journal you would like to find and hit search.

The screenshot shows the library homepage. On the left is a dark sidebar with the word "LIBRARY" at the top and a list of services: Find Resources, Research Assistance, Borrowing and Renewing Library Materials, Faculty Services, Partnership Student Services, Linking to Library Resources, and About the Library. The main content area is titled "LIBRARY" and "SEARCH OUR RESOURCES". There are three search filters: "Combined Search", "Books Only", and "Journal Titles" (which is highlighted in red). Below the filters is a search bar with the text "Search for journals by title or ISSN" and "Nursing Education Perspectives" entered. A "Search" button is to the right. Below the search bar are three buttons: "Databases Lists", "Research Guides", and "Citation Guides". At the bottom, there are three sections: "YOUR LIBRARY ACCOUNT" with a "Login" link, "STREAMING VIDEOS" with a "Kanopy" link, and "COMPUTER TUTORIALS & TEST PREP".

The results page will show the journal you searched for. Click on the title.

The screenshot shows the search results page. At the top, there is a navigation bar with links: NEW COMBINED SEARCH, JOURNALS BY TITLE, DATABASE LISTS, NEWSPAPER SEARCH, BROWSE, GET HELP, and a menu icon. Below this is a search bar with "Journal Search" and "Nursing Education Perspectives" entered. A yellow banner below the search bar says "Sign in to get complete results and to request items" with "Sign in" and "DISMISS" links. The results section shows "1 Results". The first result is "Nursing education perspectives (Online)" by National League for Nursing, with a copyright notice "©2002-" and a "PEER REVIEWED" badge. It also says "Available Online >". The title "Nursing education perspectives (Online)" is highlighted with a red box.

The results page will show you the various vendors that provide us with access to that journal. It will also show dates of coverage. In this case, the first link provides the most coverage since it has from 2001 to the most current issue.

Click "ProQuest Medical Database."
