The following information is provided by Normandale Community College in response to the Department of Education's reporting requirements.

1. An acknowledgement that the institution signed and returned to the Department the Certification and Agreement and the assurance that the institution has used the applicable amount of funds designated under the ARP program to provide Emergency Financial Aid Grants to Students.

Normandale Community College signed and submitted the Certificate and Agreement for the Emergency Financial Aid Grants to Students under the HEERF I - Coronavirus Aid, Relief, and Economic Security (CARES) Act on April 13, 2020 which included assurances to use at least 50% of the total CARES Act allocation for student emergency funds.

Normandale has received notification of a supplemental HEERF III award through the American Rescue Plan Act, but as a recipient of HEERF I - CARES Act funding, was not required to submit a certification agreement for the HEERF III award. Normandale intends to use the applicable amount of funds designated under the ARP program to provide Emergency Financial Aid Grants to Students.

2. The total amount of funds that the institution will receive or has received from the Department pursuant to the institution's Certification and Agreement for Emergency Financial Aid Grants to Students under the ARP program.

On May 13, 2021, Normandale was notified of a supplemental HEERF III award from the American Rescue Plan Act in the amount of \$9,359,048.00 for emergency financial aid grants to students.

Normandale Community College defined students with exceptional need as having an Expected Family Contribution (EFC) on their 2021-22 FAFSA that would make them eligible for a Federal Pell Grant or Minnesota State Grant, or an income level that is less than two times the federal poverty guidelines. Pell Grant recipients were identified by the U.S. Department of Education as a priority group for exceptional need. We are also including Minnesota State Grant and Minnesota Dream Act recipients, as they are students from low- and moderate- income families determined through criteria by the Minnesota Office of Higher Education. Approval of the spending plan was given both by student leaders and the Minnesota State Chancellor's Office.

Students who were enrolled and met this qualification were given a direct payment of \$1,300 disbursed for Spring 2022 Wednesday, March 2. This direct payment was to cover the cost of attendance or for emergency costs that arise due to coronavirus, such as tuition, food, housing, health care (including mental health care), or child care. All payments were sent directly to students

by check or direct deposit. For students whose emergency expenses include an unpaid tuition or fees balance, they were given instruction on how to make payment to Normandale.

International students with an F1 VISA status in SEVIS are not eligible for the direct payment awards. However, they may apply for emergency grant funding through the Normandale Cares Emergency Grant application.

Concurrent high school students and students enrolled entirely non-credit courses (continuing education) are not eligible for emergency funding. If students were attending more than one Minnesota State college or university, the direct payment amount may be adjusted to receive a total of \$1300 from all ARP funds.

7. Any instructions, directions, or guidance provided by the institution to students concerning the Emergency Financial Aid Grants. –

Normandale sent distinct messages to four groups:

- Students who received the batch award based on their FAFSA results and didn't have any balance owed to Normandale. ([MARCH ARP Batch No Balance link](#))
- Students who received the batch award based on their FAFSA results and did have a balance owed to Normandale. This message clarified that the funds were coming directly to the student, and if their intention was to use it to pay any portion of the balance at Normandale, they would have to do so through eServices. ([March ARP Batch Balance Owed link](#))
- Students who were not eligible for the batch awards based on their FAFSA results. These students were told about the option to get funds through application, as well as the opportunity to have their financial aid reviewed based on any changes of financial circumstances related to the pandemic. - Student who were not eligible for the batch awards because they had not filed a FAFSA. These students were told about the option to get funds through application. ([March ARP No Batch No FAFSA link](#))

The Higher Education Emergency Relief Fund II (HEERF II), authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), was signed into law on Dec. 27, 2020. On February 1, 2021, Normandale received notification of a supplemental HEERF II award through the Coronavirus Response and Relief Supplemental Appropriations Act, but as a recipient of HEERF I - CARES Act funding, was not required to submit an additional certification agreement for the HEERF II award. 6. The method(s) used by the institution to determine which students receive Emergency Financial Aid Grants and how much they would receive under the CRRSAA program.

For Q1 2022 awards were made for Emergency funds by application for the remaining \$18,500 in Student funding as the result of uncashed/stale checks.

Concurrent high school students and students enrolled entirely non-credit courses (continuing education) are not eligible for emergency funding.

7. Any instructions, directions, or guidance provided by the institution to students concerning the Emergency Financial Aid Grants.

For students who were not eligible based on the 2020-21 FAFSA results but have had a change of income, they were encouraged to complete the COVID-19 special circumstance form. This allows consideration for financial aid based on 2020 income/unemployment, rather than the 2018 information entered on the 2020-21 FAFSA. This was one portion of our effort to meet the requirements of the American Rescue Plan requirement that we conduct outreach to students who may have had a change of income.
