

## Learning Disability, ADHD, and ASD Assessments

### Neuropsychological Evaluations

This list of professionals who perform educational assessments is a resource to students. These are suggested contacts, not referrals. If you have insurance, use the term “neuropsychological evaluation” when discussing this topic with your primary care physician; doing that may streamline the process of getting a referral from them. If the evaluation confirms a qualifying disability, reasonable accommodations are available at Normandale through the Office for Students with Disabilities (OSD). To schedule an intake/interview appointment, call 952-358-8625 or use our online scheduler at [normandale.edu/osd](http://normandale.edu/osd).
